

# Kiner Design Group Newsletter

May 2010

Dear Aileen,

Thank you for your continued interest in **Kiner Design Group**. As a friend or previous client you are receiving our newsletter. We have recently updated our website, [KinerDesignGroup.com](http://KinerDesignGroup.com) with some of our current work.

## IN THIS ISSUE

[What we Offer](#)

## Current Visioning Work

One of our current project is to help the government of American Samoa develop a Tourism Master Plan. In conjunction with Resort Consulting Associates (RCA) who is responsible for the economic and implementation portion of the work we have studied several sites for and developed resort options for each.

[Support Mercy House](#)

The outer Manu'a Island offers the idyllic South Pacific environment, remote, pristine, and less populated. We have developed a 4-Star destination get away for couples that incorporate the local Fale design style into the existing palm grove. The individual Fales offer privacy while providing views of the beautiful coral reef right out of your doorstep. The goal is to provide tourism opportunities while limiting the impacts on the local Samoan culture and environment. Much of the Manu'a Islands are part of the US National Park system and Marine preserve.

## Strategic Alliance

We have had the privilege to build a great strategic alliance with Michael Filler of MAF International Group. MAF's specialty is assisting developers with the complicated development management process. Please click on their logo to review their brochure and see how they might be able to help your team bring your vision to life.

---

## What we Offer

### **Visioning:**

Before you are ready to commit to full scale Planning and Architecture we can get your initial vision down on paper with a quick site plan and graphic renderings. Use these as need to obtain financing commitments, preliminary city approvals, etc.

### **Planning:**

From parcel specific planning through large scale Community and Destination Resort Master Planning.

### **Architecture:**

Concept Design to Construction Documents.

### **Graphic Design:**

From business/corporate identity/branding packages (logo, business card, letterhead and business forms design) to promotional pieces (brochures, magazine and newspaper ads).

---

**Sincerely,**

Mark Kiner AIA  
Principal
